G. H. WILSON SEED CO., Downs, Kansas

This is price list and order sheet. We create, grow and sell new and improved kinds of plant life; buy, import, sell and distribute, both wholesale and retail, all kinds of seeds, but specialize in the creation, growing and improving of plants, helping them to adapt themselves to our weather conditions, bringing forth heavier yields of better and more luscious fruits, and seeds listed under the heading of New and Improved Kinds, should give you greater yields than you have obtained under any other color of our seeds. Our Terms are CASH with the order and all prices are charges prepaid—delivered to your address. Our seeds are grown under the dry weather conditions and are very drought resistant. They are all hand picked and carefully selected to give our customers the best possible value.

Thanking our many friends and customers, who have given us their support in our work and assuring all that we appreciate the close relationship that exists between our customers and ourselves.

We are especially equipped to handle mail orders. Write for prices on quantity.

Dear Sirs:

We are herewith enclosing our seed lists as per your request. We do not issue a regular catalogue, but just a straight price list. Also our work is almost entirely originating new kinds by cross breeding and selection, and the continually changing lists of new kinds for catalogues would be so expensive we could not support it. Not until we have developed a larger business to support it. Thanking you we remain Very Truly Yours,
